

Crime Report for Hawstead Parish Council

There is one crime of note for the period 16/07/15 to the 16/09/15:

Criminal damage to a community speed watch sign which had an arrow shot through it, this happened between the 05/09/15 and the 06/09/15.

There have been some burglaries to outbuildings in the surrounding villages where garden tools have been targeted, so please make sure everything is locked and secured and if anyone is seen in the area and appears suspicious then please give us a call on 101.

If anyone was signed up to Police direct to receive alerts of the latest crime it has now changed to "Police Connect" and you will need to sign up again. It is still a free service and for those of you that don't know you get alerts via either email, voicemail or text of the latest crimes in your area. You can sign up by going onto the Suffolk Constabulary web page.

I'm afraid that there is no on duty tomorrow night that can attend so please let me know if any issues or concerns are raised.

Regards

Anthony
