Dear Terry

Hawstead Parish Council wishes to formally thank you for your long and dedicated period of service to this village and the wider community as West Suffolk Councillor and, before that, Suffolk County Councillor.

This community has valued the steadfast support you have demonstrated to residents during your period of office. You attended most Council meetings – not to mention many of the different community events which have gone on in Hawstead; you have always spoken up for the village at WSC planning committee meetings to communicate the Parish Council's observations on various proposals to those making decisions; you were always ready to help this community with funding for various projects which would not have got off the ground except with your input.

You have been a fantastic friend to and servant of this community and you will be a very hard act to follow.

The Council wishes you and your family every best wish for the future.

Yours sincerely

C Hibbert -Parish Council clerk

Cc Cllr Margaret Marks – Chair West Suffolk Council

cc Cllr John West - Chair Hawstead PC
